

FLUKE i410 1A to 400A Clamp-on AC/DC Current Probe

**The i410 AC/DC Current Clamp
allows multimeters
to measure up to 400A DC.**

- ? Battery-powered Hall-effect clamp-on probe measures AC/DC current from 1A to 400A.
- ? Maximum conductor size: one 1.18" (30 mm) or two 0.98" (25 mm).
- ? Output: 1 mV per amp AC/DC.
- ? Accuracy: $\pm (3.5\% + 0.5A)$, 1A to 400A, 45 Hz to 400 Hz.
